We know how important a company’s story is. It’s who they are, where they’ve been.

Our custom journals and planners are the ultimate tool for delving into your company’s story. JournalBooks makes the majority of our products to order. When discussing a project, we’ve found the information covered below is a solid starting point to get to the product that best suits your needs and brand.

<table>
<thead>
<tr>
<th>Quantity</th>
<th>How many do you need?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Our products and some print methods have minimum quantities, and we want to make sure you choose a product that is available for your quantity. Some products are available at half minimums, but additional charges may apply.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Budget</th>
<th>How much will it cost?</th>
</tr>
</thead>
<tbody>
<tr>
<td>The budget per book is the quickest way for us to eliminate books not suited for your project. If you don’t have a budget, we can suggest items in various price ranges to get you started. This is especially helpful for large quantity orders.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Color</th>
<th>What colors should we choose?</th>
</tr>
</thead>
<tbody>
<tr>
<td>With our wide range of color options, brand guidelines help us to suggest products and textures that stay within your color palette or even theme. We offer a plethora of digitally printed products, decoration methods and accessories.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>How</th>
<th>How will they be used?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Knowing how the journal or planner will be used will help us narrow down selections for the best functionality for your promotion. Knowing the quantity, budget, and color helps us direct you towards the product that will work best.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Style</th>
<th>What will they look like?</th>
</tr>
</thead>
<tbody>
<tr>
<td>If you’ve seen books you love, share them with our Sales Team and we can help find a similar style or product. We also have a talented Creative Sales Team that can suggest ideas or create virtual products to give you guidance.</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Date</th>
<th>When do you need them?</th>
</tr>
</thead>
<tbody>
<tr>
<td>If orders are large quantities (1000+) contact us to check inventory. Imports and popular materials can move fast. We can tell you when items will arrive, or help you look at other options and provide a solution.</td>
<td></td>
</tr>
</tbody>
</table>

Pictorial Editions

Any President or Director can be customized as a pictorial calendar to depict your company’s products, services, personnel, etc. Each monthly calendar faces your custom page printed in black ink. Includes 13 custom picture pages. 300 dpi grayscale photos should be supplied for best quality. Any text must be provided in digital format. Laser proofs will be provided if requested. Other charges may apply, call factory for details.

CornerBlock Imprint

President format only. Identical imprint in black in the open date blocks at upper left or lower right of each monthly calendar.

DateBlock Imprints

Your message and reminders are printed in black ink in the individual date blocks you specify. 500 pieces minimum. Call factory for details.

MemoSpace & Masthead Imprint

Your identical copy is printed in black in the masthead or common note space of each spread.

Custom Overprinting

Our custom overprinting is an easy and inexpensive way to buy prime advertising space. We’ll print your logo or promotional message on each page of every calendar you order – for quantities as low as 250. It’s the most cost-effective way to communicate your brand 365 days a year. Five different overprint options are available for the President, Analyst, and Director (not available for WeeklyOrganizer or XeoPlanner styles).

ShadowPrint

Your message, logo, or illustration is printed in light gray (10% black) on the lower page of each Analyst- or Director-style calendar spread. Identical image on each page.

DECORATION METHODS

It's amazing the difference multiple colors can make. Our craftsmen can produce hairline registration with multiple foil colors on most of our paperboards to give your cover dazzling impact.

When you want more dramatic impact, or have imagery you want on your cover, full-color printing is the way to go. Also, offering gloss, matte, or soft touch coatings to give your customer a more tactile product feel.

BoostOptions are all about turning a great book into something dazzling. Put the spotlight on your brand. These powerful tools were designed to help tell the depth and breadth of your company story. Unique inserts with your company’s story or product information, custom filler with your name on every page, imprinted pens, business card holders, pocket folders, and a myriad of decoration methods—all ideal ways to strengthen the impact and power of your journal.

Embossing your aluminum cover adds an impressive 3D look and feel to your product. Available on Alloy journals and planners, as well as UrbanJournals and UrbanBinders. (Some small/fine details may not emboss, send artwork to factory for approval.)

This technique debosses the material without applying foil. Many of our cover materials have different textures, densities, and thicknesses that can respond differently to blind debossing.

**Decoration Methods**

**Color**
- Direct
- Screen Printing
- Die-Cut Windows

**Paper Embossing**
- Available for some ClassicFlex and CuriousSkin paper covers, as well as paper products like inserts and pockets.
- Some small/line details may not emboss.

A die-cut window on the front cover of your journal with a color insert showing through can offer a unique view of your company. Standard shapes include square, rectangle, oval, and circle. Or if you prefer a custom shape, call factory for a quote.

Paper embossing is available for some ClassicFlex and CuriousSkin paper covers, as well as paper products like inserts and pockets. Some small/line details may not emboss.

If your cover imprints require specific PMS colors or feature intricate designs, consider screen printing, available on most of our smooth cover options. Substrate colors will affect screen printed colors. For the closest PMS match, choose white cover material.

Setups are charged per color position, up to 16” sq. or less; call for oversize prices. Embossing available on Alloy covers, ClassicFlex & CuriousSkin covers, and some inserts and pockets. Contact factory for full details. Screen printing available on smooth substrates only. Call factory for quote and art approval for custom shape/size domes and die-cut windows.

*Standard pricing includes imprints up to 20” sq. or less.*

Tell your company story by adding inserts to your wirebound or perfectbound journal or planner. Digitally printed full-color inserts. For multiple inserts, call for a custom quote.

**Benefits**

State-of-the-art digital, full-color printing allows lower costs and faster turnarounds than conventional printing. Cost-efficient for quantities as low as 100 pieces or as high as 5000 pieces.

**Bleeds & Solids**

Full bleeds and large solid areas may be difficult to reproduce, depending on the color selected. Please call factory if you have concerns and we will be happy to review your art and make suggestions. Bleeds may incur an additional charge.

**PMS Color Matching**

Printing on the full-color press utilizes CMYK. We can achieve acceptable simulated PMS results on most colors. If your color falls out of range we will alert you as soon as we can to discuss alternatives. Conventional printing may work but will require additional time and expense. Exact PMS color matching happens only when you are screenprinting with a specified PMS color.

---

**GraphicWraps**

Take advantage of more printing real estate with a full-color GraphicWrap. They can be wrapped vertically or horizontally around your journal. Available for 7” x 10” products or smaller without extended PenPort or EcoPort.

**ColorBookmarks**

When you need a splash of color, these bookmarks will make the perfect addition to your journal. Each Bookmark is printed on 14pt. stock with a UV coat and comes inserted under the front cover of your product.

**IMPRINTING INFORMATION**

**Hot stamping** is our standard method for imprinting. Some foil colors are also available in a 1-color foil imprint. For an additional charge, a 5-color foil imprint may be used. Pre-typed documentation is accepted as is, but please allow for any errors to be corrected.

**Screen printing** is a high-quality reproduction method, and we offer a variety of inks and colors. The artwork, designs, and text (collectively and individually referred to as “Copy”) submitted for use in producing your product must be ordered on the condition that they are submitted in full compliance with all applicable laws and regulations, trademarks, copyrights, service marks, trade secrets, and other proprietary rights and other laws. The factory hereby disclaims all warranties, express or implied, regarding the use or misuse of its Copy. Customer hereby agrees to hold JournalBooks, Inc., harmless from any claims, demand, loss, expense or costs that arise from use of said Copy.

**Freight Charges**

New: 3rd-party shipments will incur a fee of $25 per carton. Freight or duty costs. All paperwork concerning freight or duty costs. Any such claims must be filed with the carrier. Freight or duty costs. All paperwork concerning freight or duty costs.
Many ValueLine & CaseBound items can ship in one business day from receipt of purchase order and factory-approved artwork, with a $50.00 surcharge. Orders must be received by 5pm EST (with credit approval) and will not receive a proof. Orders received after 5pm will ship within two business days. This service is limited to those items listed on WCE, ValueBook, Freightliner, ValueColor, Meetingbook, PerfectValue, and CaseBound books with a blind deboss imprint only. Any additional costs include: TriPacs, Tip-Ins, Graphics/frags, paper art, vector artwork, color, packaging, etc. Additional time required will be estimated and provided production time.

Order purchase and vector art must be emailed to sales@journalbooks.com with the subject line reading 24-HOUR SURESHIP PO #_____.

Limitations
No proofing and no less-than-minimum quantities on SureShip orders, find out maximum quantities for 24-hour shipping. Larger orders may require additional production time. Factory reserves the right to refuse any order. SureShip orders will require a $50.00 surcharge.

**TERMS & CONDITIONS**

**General Terms & Conditions**

JournalBooks’ and Timeplanner® Calendars, Inc. (“factory”) reserves the right to withdraw any and to change services, decoration methods, or prices without prior notice. CaseBound Tariffs

Due to the current tariffs on imported items, price of our imported CaseBound tariffs are subject to change throughout the year. JournalBooks reserves the right to change pricing or discontinuance products or color selections without prior notice. For the most up-to-date collections and pricing, please visit www.journalbooks.com or contact factory. We apologize for any inconvenience this may cause.

Acceptance of Order

All orders are subject to acceptance by the factory, which reserves the right to refuse any order. All orders subject to credit approval and acceptance. A pre-payment amount or other security deposit or both may be required based on the cost and size of the order.

Production Ready

An order is considered “production ready” when all elements required by the factory to produce and ship your order as received. Incomplete orders (i.e., orders awaiting imprint copy, artwork, cover colors, final quantities, etc.) are held out of production until required items are received by the factory. After all information is received, your order will be processed in our normal production time unless otherwise specified.

Overruns and Underruns

Due to the custom nature of our products, overs and unders are normal and in accordance with printing trade customs. For journals or calendars requiring only cover imprints, a variance of 5% over or under the quantity ordered is to be expected. For orders requiring custom overprinting of filler pages, calendar pages, and for jackets, expect a variance of 5%–10%. Overs are more likely than unders. The factory strives to ship at the least quantity ordered. In order to do so, the factory must start production with sufficient additional materials to allow for spoilage losses (in printing, cutting, punching, binding, stamping, & packaging). After inspection, if production has been reasonably efficient, there should be no more good books than ordered. Orders that state “ship no overruns” are subject to underruns and in case of any misunderstanding, the factory will not go back to production to meet exact quantities.

Order Acknowledgments

An acknowledgment will be sent via e-mail when the order is ready for factory delivery. This will reflect costs of the order. Any additions (i.e., orders awaiting imprint copy, artwork, cover colors, final quantities, etc.) are held out of production until required items are received by the factory. After all information is received, your order will be processed in our normal production time unless otherwise specified.

Cancellation

Orders will be subject to all production costs incurred to date (including materials and labor) and a cancellation charge of $65.75.00.

**NEW: Orders totaling $5000 or more will incur a 20% cancellation fee.**

Blank CaseBound items can be returned, unlabeled, for credit with a 20% restocking fee.

**Standard Production Time**

Most orders take 3, 5, or 7 working days after proof approval has been received. Your order will not be processed until ALL required art, proof approval, and missing information have been received. Additional time may be required for large quantities and more complex orders requiring customized dies, custom die-cutting, blind stamping, perforation, or multi-color imprinting. Please call the factory for an estimated time on custom orders.

Factory will state an estimated e-proof date and ship date on your order acknowledgment.

Features such as elastic band closures, ribbons, vinyl pockets, or business card pockets may require additional time due to special material ordering. Please call factory prior to ordering for inventory and production schedules.

Rush Service

Rush service is available for most journal products. Basic one-color foil-imprinted journals (bating outside SureShip, ValueLine, CaseBound, and Express categories) can be produced in 5-7 business days after proof approval. Upon request for rush service, a fee of $60.00 will be added to your order. Rush service will not go back to production to meet existing rush orders. Blank CaseBound items can be rushed. However, rush fees will still be added and will be based on the factory’s ability to produce in the allotted time frame and within the current production schedule. Please call the factory with your special needs. We will work with you to do whatever we can to accommodate your needs and meet your event date.
How to read these Swatches:

The item number (in this example) serves as your guide to the swatches. Each swatch is associated with a different Color and Material. The Color swatches are numbered and colored, while the Material swatches are numbered only. Each swatch is accompanied by an item number, to ensure correct sample is sent.
